CHAPTER I: THE COMPETITIONS OF FIBA EUROPE

1. FILING OF CANDIDATURES

FIBA Europe has the authority to organise or to have organised, to sanction and to control basketball competitions within Europe.

The Board of FIBA Europe establishes the technical and financial Regulations.

In general, all competitions are organised by the national federation of the country where FIBA Europe is holding the competition.

For all competitions, FIBA Europe will issue a guide to candidates and/or specific guidelines for the respective competition. All conditions indicated in these documents shall be scrupulously observed. Candidatures that do not satisfy the conditions shall be disregarded.

Any candidature for the organisation of official competitions of FIBA Europe must be submitted to FIBA Europe through the national federation of the candidate within the time limits provided for in the Regulations of the competition concerned.

FIBA Europe must receive the candidature at least three months prior to the meeting which shall decide on the acceptance of the candidature.

2. TERMS OF ENGAGEMENT

In presenting its candidature, the candidate must give the absolute guarantee that all teams and officials having the right to participate shall actually find it possible to enter the country organising the competition (granting of visas, travel documents, etc.).

The candidate shall ensure a national television signal for international broadcast and provide the necessary equipment for European-wide broadcast of the competition by television, radio and Internet according to the host broadcaster obligations. These are available from the Offices of FIBA Europe or from FIBA Europe's television partner.

If the Regulations of the competitions do not specify otherwise, the following details must be clearly indicated by the candidate:

- Date and place of the competition,
- Conditions of lodging,
- Financial conditions,
- Means of transportation and distances to be travelled within the country.

The candidate must give all guarantees concerning the technical equipment (see Art. 19) and the facilities in the hall(s) where the competition will take place.

Once the candidature has been accepted by the Board of FIBA Europe, any change to the terms of engagement must be accepted by FIBA Europe. Should these terms be violated, FIBA Europe shall have the right to revoke the assignment of the organisation while fully reserving the right to impose disciplinary and financial sanctions on the organisers and to assign the competition to another national federation who will undertake to respect these terms of engagement.

3. RENUNCIATION OF MANDATE

Organisers who renounce their assignment shall be subject to disciplinary and financial sanctions by FIBA Europe.

4. LEGAL PROVISIONS

4.1. General principles

The agreement to organise a competition of FIBA Europe constitutes a contract between FIBA Europe and the organiser. All parties involved must scrupulously respect this "sports contract".

This principle shall apply to all international competitions, even when not of a strictly official nature.

4.2. Duties of FIBA Europe

FIBA Europe must do all in its power to see that a competition organised under its auspices will be successfully carried out and that FIBA Europe is represented by competent persons, maintaining absolute impartiality. FIBA Europe is obliged to assist the organisers by every means at its disposal. However, FIBA Europe may demand of the organisers the reimbursement of expenses caused by its action.

4.3. FIBA Europe Security Adviser

The organisers have the ultimate responsibility regarding security matters during official FIBA Europe events.

However, FIBA Europe retains the right to check the organiser's proposals for the security for the event and give the necessary input through the FIBA Security Adviser.

In particular, the organiser in collaboration with the FIBA Europe Security Adviser shall be responsible for assuring the security of the following people:

1. The participating teams
2. The participating officials
3. The fans, team supporters and VIP's

In general, the above shall be also responsible for assuring the security of the following:

1. The transport of teams, officials, etc.
2. The playing facilities,
3. The hotels hosting the teams, officials, etc.
4. All Offices
5. Others

4.4. Duties of the organisers

The organisers are obliged to respect the general provisions of these Regulations, the Bye-Laws of FIBA Europe as well as the specific guidelines for the respective competition. In particular, they must ensure that all qualified teams that are to take part in the event can actually do so and that visas for entry into the country are issued in good time. These provisions are also valid for the invited teams for events that are not of an official nature.

In case of violation of these provisions, FIBA Europe shall withdraw its patronage and the title involved. It may also apply disciplinary penalties to the organisation(s) at fault and impose fines. The appropriate body of FIBA Europe shall make such decisions as required and its decisions shall have immediate effect. Nevertheless, these decisions must be brought to the attention of and submitted for approval to the Board of FIBA Europe at its next session.

4.5. Duties of the participating teams (national federations)

Teams taking part in an official competition of FIBA Europe must respect the general provisions of these Regulations, the Bye-Laws of FIBA Europe as well as the specific guidelines and regulations for the respective competition. They must be present at the site of the competition in due time and must cooperate at all times with the organisers and representatives of FIBA Europe.

A team that has accepted an invitation to take part in an official competition of FIBA Europe shall be obliged to take part, otherwise the team will be subject to a financial and/or disciplinary sanction.

In case of any violation of these provisions, the appropriate body of FIBA Europe shall apply such penalties as are required. The decision shall be communicated to the national federation.

In particular, teams participating in an official competition of FIBA Europe may not under any circumstances:

1. Refuse to play a game or leave the playing area before the end of a game,
2. Refuse to participate in or leave before the end of the opening ceremony and/or the victory ceremony and the closing ceremony, and/or
3. Behave incorrectly (or make insulting remarks), thus disrupting the smooth running of the competition, official functions or ceremonies.

In case of any violation of these provisions, in addition to the provisions set out in the Official Basketball Rules, the appropriate body of FIBA Europe may apply the following additional penalties:

1. Immediate disqualification from the current competition and disqualification of the team in question from all FIBA Europe competitions for at least one year and
2. A fine of EUR 40,000 minimum and EUR 80,000 maximum.

Cases not provided for in these Regulations (such as provocative gestures, not attending the post-game press conference, etc.) shall be judged based on their own merits.

4.6. Duties of the LOC

The Local Organising Committee has the duty to take all measures that it may deem necessary for the success of the event. However, such measures shall be subject to approval by the Board of FIBA Europe. Furthermore, the Local Organising Committee must work closely and efficiently with all official FIBA Europe bodies responsible for following the organisation of the event.

The Local Organising Committee shall ensure that all participating teams are treated in the same way and that all enjoy equal rights. Special requests by any of the participating teams shall be forwarded to FIBA Europe for approval.

The Local Organising Committee is entitled to rely on the closest cooperation from the official bodies of FIBA Europe and also from the participating teams and their national federations.

4.7. Competence of FIBA Europe

FIBA Europe shall be competent to make any decision and to impose sanctions or levy fines whenever a conflict arises at the time of an official European competition. Any appeal against the decisions of FIBA Europe shall be addressed in accordance with the Regulations of FIBA Europe and the Bye-Laws of FIBA Europe.

5. INSURANCE OF PARTICIPANTS IN OFFICIAL COMPETITIONS OF FIBA EUROPE

3. The Referees Instructors
4. The official representatives of FIBA Europe present at the competition.

5.2. Responsibilities of the organisers

The organisers are obliged to ensure medical care at the venue for all participants (players, coaches, referees and officials).

This medical care is at the expense of the organisers for all accidents that may occur during any local transportation arranged by them.

The organisers must carry civil responsibility (third party liability) for all accidents which are due to poor organisation, in particular faulty fittings, equipment and stands, security within the precincts of the game and, in general, all material organisations for which the organisers are responsible.

5.3. Duties of clubs or national federations

The national federations and the clubs whose teams participate in an official competition must insure these teams against:

1. Accidents which may occur during travel to and from the venue and
2. Accidents which may occur to members of their team during the competition and for which the organisers are not responsible.
3. National federations who participate in any main official competition of FIBA Europe **must** insure the participating players' existing contracts for the duration of the period of involvement of the players with the national team, unless this is done by FIBA Europe.

6. FINANCIAL PROVISIONS

The organisers of an official competition of FIBA Europe shall be obliged to respect the financial provisions for the competition in question.

FIBA Europe is the owner of all television and marketing rights. It reserves the right to negotiate and sign television and marketing contracts for all international competitions designated by the Board of FIBA Europe. FIBA Europe, as a rule, will not exploit these rights itself but will assign them to an entity designated by FIBA Europe.

The terms of these contracts must be respected in their entirety by the national federation who is in charge of the competition.

Note: For the European Championship of the Small Countries Men and Women, the Youth Competitions and Division C, FIBA Europe subsidises the organising National Federation. Please refer to the appropriate section of these Regulations.

7.3. Forfeits

If, after having sent its final entry, a team should cancel its participation or should fail to appear on time at the competition, FIBA Europe shall have the right to impose penalties on the parties at fault. These penalties may be of a disciplinary and/or financial nature.

Part of the fine may be paid as compensation to the organisers in the event of any financial loss.

7.4. Co-operation with the organisers and with FIBA Europe

Participating teams shall closely co-operate with the organisers and with FIBA Europe in order to assure the technical and financial success of the event. In particular, they should supply in advance the photographs and personal data of the players and all information as required by the organisers and/or FIBA Europe.

86. DEFINITIONS AND GENERAL PRINCIPLES

In addition to these Regulations, all provisions of the FIBA Europe Bye-Laws are valid in their entirety.

These Regulations apply to both genders.

These Regulations apply to all competitions of FIBA Europe for both men and women. They apply at national team level and at international club level.

FIBA Europe	The Secretary General of FIBA Europe, or his representative, except where it is specifically indicated to the contrary.
Legal Nationality	The status of belonging to a particular country by origin, birth or naturalisation. A player may have one or more legal nationalities, according to the law of the countries concerned.

Foreign player	A player who does not have the legal nationality of the member federation by which he is licensed currently.
Country	A geographical territory within which an independent national basketball federation recognised by FIBA exists.

87. PROOF OF LEGAL NATIONALITY

Proof of legal nationality of a country, by itself, does not constitute sufficient evidence to guarantee a player's right to play as a national for the national team of that country.

FIBA Europe may require that proof be provided to verify the legal nationality (or nationalities) of any player by requesting any documents it deems appropriate.

88. NATIONAL TEAMS

- 88.1. Only a player holding the legal nationality of a country and having fulfilled the terms of eligibility according to the appropriate FIBA Europe Regulations and/or the FIBA Internal Regulations may play on the national team of that country.
- 88.2. Any player with two legal nationalities or more, by birth or by naturalisation, may choose at any age the national team for which he wishes to play. Any such choice must be made in a written declaration to FIBA and to FIBA Europe.

➤ This provision also applies to any player having acquired legal nationality by birth, **or having** the right to acquire a second legal nationality at birth, but who does not lay claim to this right until a given time in the future.

However, if a player, having two or more nationalities is summoned by a national member federation after reaching the [age of eighteen \(18\)](#), he is obliged to choose for which national team he wishes to play. If he has declined the summons, the player may choose only the national team of country / one of the other countries unless he declares in writing, within fifteen (15) days of receiving the summons that he has chosen the country that summoned him first.

Any player having played in a main official competition of FIBA for a national team for which he is eligible is considered as having chosen the national team of that country, with the exception of cases provided for under Article 88.5.

A player who has transferred as a young player according to Article H.3.4.1b of the FIBA Internal Regulations may not choose until he has reached the age of twenty-one (21) the national team of any country other than the country from which he has transferred.

Choices made under this article are irrevocable.

- 88.3. A national team participating in an international competition of FIBA Europe may have only one player on its team who has acquired the legal nationality of that country by naturalisation or by any other means after having reached the age of sixteen (16).

- 88.4 A player who has played in a main official competition of FIBA before reaching his seventeenth (17th) birthday may play for a national team of another country if both national member federations agree. In the absence of an agreement, the Secretary General decides.

- 88.5 A player who has played in a main official competition of FIBA after having reached his seventeenth (17th) birthday may not play for a national team of another country.

However, in exceptional circumstances the Secretary General may authorise such a player to play for the national team of his country of origin if he is ineligible to play for such country according to this Article and this is in the interest of the development of basketball in this country.

- 88.6 For any player who has two or more legal nationalities by birth or by naturalisation, the national member federation for which the player wishes to play must obtain written certification from the national member federation of the country(-ies) corresponding to the player's other nationality(-ies), in which it is stated that he has not taken part in a main official competition of FIBA as a member of its national team.

If the request for this certification remains unanswered, FIBA Europe may issue provisional authorisation to the national member federation making the request. After a period of one year, this authorisation shall be considered final.

- 88.7. The following supplementary eligibility concept will apply for the "city-countries" Andorra, Gibraltar, Principality of Monaco and San Marino. Athletes from these four "city countries" who do not have the corresponding legal nationality **must** present the following documents

- c. Players participating in FIBA competitions for the first time will be considered as having automatically opted for the nationality of their new country.

89. DECISIONS

All decisions regarding the application of these Regulations are taken by the Legal Commission of FIBA Europe acting through the Secretary General or a person appointed by him. FIBA shall be informed of these decisions.

90. SANCTIONS

CHAPTER XI: AGE OF PLAYERS

102. DEFINITION

An age limit is established for all players of teams participating in competitions of FIBA Europe open to the younger age groups. The following age groups are established:

U 14:	14 years or under
U 16:	16 years or under
U 18:	18 years or under
U 20:	20 years or under

103. PROCEDURE TO ESTABLISH AGE LIMIT:

Example: the age limit for **U 18** in a competition in **2011** shall be: **2011 - 18 = 1993**. Any player born on **1st January 1993** or after this date will be entitled to participate in a competition for **U 18** in **2011**.

The age limit in **2010** for the four age groups is therefore the following:

U 14:	born on 1st January 1997 or after this date
U 16:	born on 1st January 1995 or after this date
U 18:	born on 1st January 1993 or after this date

ANNEX 1: FIBA EUROPE LOGOS

The FIBA Europe logo is consistently formed from two modules:

The FIBA Symbol, in which the seam lines of the basketball represent the prime focus of the sport as well as suggesting the form of the globe. The hands, each represent a continent as well as the half a billion players world-wide who constitute the basketball community.

The FIBA wordmarks and the claim "We Are Basketball"

Two FIBA Europe logo signatures have been developed for use.

These defined FIBA and FIBA Europe logo signatures replace all and any existing FIBA or FIBA Europe identities.

161. THE PRIMARY LOGO

The primary logo, in either vertical or horizontal modular configurations, is the preferred version for all kinds of communication, in particular for all print and online publications.

Signature orientation is selected to best suit a specific application.

Primary logo - vertical

Primary logo – horizontal

162. THE SECONDARY LOGO

The secondary signature, in vertical format, is to be used solely for FIBA and FIBA Europe institutional communication such as stationery or in a very few exceptional cases where prior FIBA Europe approval is required.

163. LOGO USAGE

FIBA Europe logos must be regarded as respected elements. They should never be used as backgrounds or general design features. In order to make sure the integrity of the FIBA Europe logos is maintained, the following guidelines must be honoured.

164. CLEAR SPACE

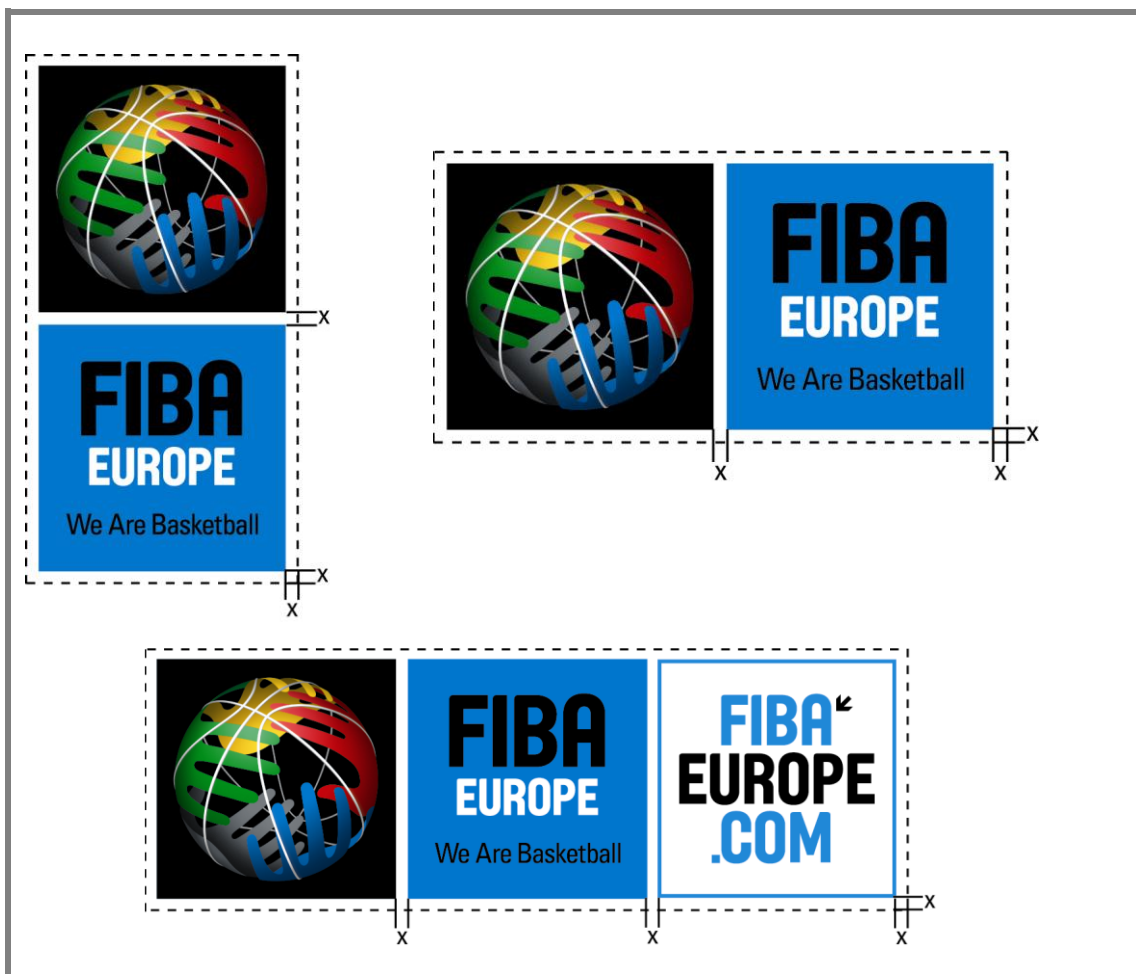

Primary Signatures

A designated amount of clear space, determined by the increment between modules in the applied logo signature, consistently surrounds all FIBA Europe logos. Respecting this principle, additional modules such as print media "information fields" or partner institution modules are added onto logo signatures, as required.

Secondary Signatures

Positive versions of the FIBA Europe logo should always be placed clear of other third party graphic elements. This helps maintain the impact and integrity of the brand and ensures clear and dignified results for institutional applications.

The amount of clear space around the logo is equal to 1.5 times the height of the word "FIBA" in the logo.

Secondary Signatures

ANNEX 2: REGULATIONS GOVERNING LEAGUE ORGANISATIONS

1. Definition

- 1.1. A League is an entity which organises and manages an approved club competition.
- 1.2. Leagues may exist at national, continental, or intercontinental level.
- 1.3. Continental leagues and intercontinental leagues are hereinafter also referred to as "international leagues".

2. Recognition of Leagues

- 2.1. A League organised wholly within the national boundaries of a country shall require recognition by the respective National Federation affiliated with FIBA.
- 2.2. A continental League organised wholly within the geographic area of one of the FIBA Zones shall require recognition by the respective FIBA Zone.
- 2.3. An intercontinental League drawn from across the geographic boundaries of two or more of the FIBA Zones shall require recognition by FIBA Central Board.
- 2.4. Recognition is granted under the condition that these Regulations are respected in their entirety.

3. Key Principles in the Relationship Between Leagues and FIBA, the FIBA Zones, and the National Federations

- 3.1. A League shall respect the authority of FIBA as the sole competent authority for men's and women's basketball throughout the world, recognised as such by the International Olympic Committee.
- 3.2. A League shall respect the authority of the respective FIBA Zone, as delegated to it by FIBA.
- 3.3. A League shall respect the authority of the respective National Federation of FIBA as the sole competent authority for men's and women's basketball in its country, as recognised by FIBA and by the respective National Olympic Committee.
- 3.4. A League shall respect FIBA General Statutes and Internal Regulations, and those of respective FIBA Zones and National Federations. Where there is any conflict, the Statutes, Regulations, etc. of FIBA shall prevail.
- 3.5. In order to ensure permanent lines of communication, a League should be "represented" at national and or international levels as appropriate.
- 3.6. Non-compliance with the provisions of this Regulation may lead to the suspension of the National Federation and/or the withdrawal of recognition of the League.
- 3.7. Any exceptions to this Regulation, or any permanent changes to it, can be approved by FIBA Central Board only.
- 3.8. It is generally acknowledged that economic questions related to the management of a League shall be solved by the League and its clubs exclusively, unless otherwise agreed by the parties. Sport-technical questions are generally managed by the federative structure, in particular nomination of referees and disciplinary processes. Unless parties agree otherwise, it is recommended that those sport-technical aspects remain responsibility of the federative structure.

4. Detailed Provisions Governing Recognition of Leagues

- 4.1. A League shall not operate in a manner which brings discredit to FIBA, the FIBA Zones, the National Federations, or the sport of basketball in general.
- 4.2. Provided that a League respects and observes the provisions of this Regulation and the other FIBA Internal Regulations, and also those of the respective Zone and National Federation as applicable, it shall be free to operate as best suits its own interests.
- 4.3. The competition that a League is managing and organising at national level shall qualify its top team/s through the National Federation to the corresponding international competition organised by the appropriate body of FIBA or by an international League recognised by FIBA.
- 4.4. All League Clubs must be affiliated with the National Federation of the country in which they are domiciled, and ensure also that their players are licenced by that National Federation.
- 4.5. All League Clubs must play in the official national championships.
- 4.6. Where an existing League, which operates wholly within the geographic boundaries of a country, agrees to admit up to two teams from another country in the same Zone into the existing league structure, then that League may continue to operate as though it continues to be wholly within the geographic boundaries of the National Federation where it was founded, subject to the agreement of both National Federations and subject also to the general supervision of the respective FIBA Zone.
- 4.7. The League shall use only referees and commissioners from the list of national referees and commissioners approved and published by the National Federation or, if the League is an International League, those from the approved and published list of FIBA referees and commissioners.
- 4.8. A League shall respect and observe the FIBA harmonised calendar.
- 4.9. A League shall respect and observe the FIBA Official Basketball Rules and Mechanics of officiating, and will further assist FIBA in adapting these Rules.
- 4.10. A League shall respect the rules of the National Federation for the transfer of players within its own geographic boundaries, and also the FIBA Internal Regulations governing the International Transfer of Players, including the special provisions affecting young players as contained in section 4.3.2 of these Regulations
- 4.11. A League shall respect FIBA Regulations governing Players' Agents, and also those of the National Federation where these have been established.
- 4.12. A League shall encourage and allow its players to participate in the Official Competitions of FIBA as members of national teams in accord with section 4.4.3 of the FIBA Internal Regulations governing the International Transfer of Players.
- 4.13. A League shall enforce a reasonable anti-doping testing regime. It shall also respect the anti-doping regulations of the National Federation and/or those prescribed by the national government and its agencies, and respect the Internal Regulations of FIBA governing Doping Control.
- 4.14. A League shall contribute financially to the development of grassroots activities, to the national team program, and to the costs of services the National Federation may provide to the League. The extent of this financial contribution is to be negotiated in good faith by each of the parties. Similar arrangements apply to International Leagues.

5. Dispute resolution

- 5.1. FIBA (i.e. the Central Board) is entitled to take a decision as last instance when matters are not solved at national or continental level.

6. Effective date of these Regulations

- 6.1. These Regulations come into force as of **18 May 2005**.
